

Umatilla Middle School Recommended Private Lesson Teachers

Why should I take private lessons?

Private lessons give you the opportunity to work with a professional on your instrument in a one-on-one setting. You will learn a lot in band class, but you will be able to work on more instrument specific techniques and fundamentals. Just like in other subjects, you can work with a tutor to improve your musicianship! Weekly lessons will accelerate your ability levels! Also check out lessons at Stetson University's Community School of Music: <https://www.stetson.edu/music/community-school/lessons.php>
